

Selection criteria for prioritising recommendations

Some suggestions:

1. The issue fits closely with your organisation's overarching objectives.
2. You feel it would have a bigger impact on your organisation's beneficiaries than other recommendations
3. Relationship with the relevant ally/allies is strong/ or has the potential to be strong
4. The relevant ally/allies advocacy capacity is strong/ or has potential to be strong
5. The issue is something you care passionately about and want to advocate on more than other recommendations (this is important as it will motivate you to take action on the issue)
6. Consider learning points from the review process
